Child Drinks Gasolene.

When Lataria Rozelli, twenty months old, was left alone in the kitchen of her parents' home, 47 Wonders court, southwest, yesterday afternoon she got hold of a bottle of gasolene and drank part of the contents. Her mother returned to the room shortly afterward, and found the child unconscious.

The empty bottle lying by her side, and strong odor of gasolene told the story. An ambulance was summoned and the child was taken to the Emergency Hossital. Physicians entertain bones for recovery.

Policeman Strobel, of the Seventh precinct, prevented a serious fire in the story. An ambulance was summoned and the child was taken to the Emergency Hospital. Physicians entertain hopes for recovery.

In banking circles it is believed that dividend payments would not be begun unless all doubt of the permanence of control had been removed.
